DIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is full with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and, a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to urinate two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, and stomach or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts in the morning cannot insure, makes a delightful effervescent lithia-water beverage, and helps in every home, because it never makes a mistake by having a good kidney flushing any time.—Advertisement.

Nervous Periodical Headaches

Succumb to Anti-Kamnia Tablets

This trouble commonly called "sick headache" is said to be due to the retention of urea in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition, and in certain cases, no doubt, this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Schleichmann, of Louisville, Ky., found Anti-Kamnia Tablets to give prompt and satisfactory relief. These should be insisted upon by the doctor, and the patient should go to bed, darken the room, and all the attendants and family should be quiet as possible. As soon as the patient awakes, the headache should be treated with a glass of water, and a thorough rubdown with a coarse towel, often gives grateful relief. Two Anti-Kamnia Tablets when the first signs appear, will usually prevent the attack. During an attack, one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting. These tablets may be obtained at all drug stores. Ask for A-K Tablets. They are also excellent for nervous headache, neuralgia and all pains.—Advertisement.

OFFICER SPEAKS; SOLDIER ARE EST

Lieut. Michaelis Criticizes Politicians and May Be Courtmartialled.

Can any army officer be legally arrested for violating a war department order which was received the day after the alleged violation occurred?

This was the question which is the sole topic of discussion in the barracks and camps along the border since Lieut. O. E. Michaelis, of the 10th infantry, was placed under arrest in the quarters in the infantry camp in Camp Cotton Sunday afternoon.

Lieut. Michaelis delivered an address before the Panhandle and Southern Stockmen's association on March 4 in which he discussed the relation of the army to civil life, defended the army against charges of extravagance and declared that, as the police were the protectors of a city to the nation, the insurance of peace to the nation was the duty of the army and the young officer was loudly cheered when he finished his address. He also criticized politicians for their attitude toward the army.

Order Issued Next Day.

The next day, March 5, it is said that the new order, No. 10, forbidding army officers from discussing political or domestic relations, was received in El Paso from the war department. The article of the order did not occur until nine days later when it was issued in Washington and the order was issued for his arrest.

Lieut. Michaelis was then ordered to have been made upon written orders from Gen. John J. Pershing, brigadier general, although it was ordered from a Washington, army major.

There is a difference of opinion, however, among army officers regarding the new order. Some officers declare that the order was only a rewriting of standing orders of the war department against discussing army affairs in public. The new order was issued to apply especially to the European and Mexican war situation, but applies to domestic affairs also, the officers declare.

Was Newspaper Man.

Lieut. Michaelis has been prominent in army affairs since he came here with the 10th infantry from San Francisco, where he was engaged in newspaper work before entering the army. He made an address at the Adolphe district following the return of the Toronto delegation last summer. He made a most favorable impression on the audience and was a strong advocate of the army cause and the value of the army to the nation.

Lieut. Michaelis served in the Philippines, China, Cuba and has been on border duty with his regiment since it arrived from the Presidio in San Francisco, in May.

No announcement has been made of the hearing which will be given the lieutenant, and he is under arrest at his tent pending the setting of a court martial.

Objectionable Speech.

The speech delivered by Lieut. Michaelis before the cattlemen and which is believed to have been responsible for his arrest, contained a praise of the army, except the following:

Politics and Poets.

"Many of our army poets, as you well know, have outlived their usefulness. They are established to meet conditions which have long since passed away. When the war department decided to abandon any poet, in the interest of efficiency, the local civil bodies get into action and a mighty protest goes up.

"Representatives of this part of the country in Washington have been accused in preventing the needed reform yet these same men, in and out of our military establishment, are in their own right, very much insulted if you held them guilty for any part of the cost of maintaining our army."

Jitne Pickpocket Is Newest Kink in Crime Wave; a Jitne Holdup

The Jitne pickpocket is the latest kink in crime in El Paso. The pickpocket seats himself along side of the driver on a jitne and when the driver is busy dodging street cars, pedestrians, dogs, etc., the thief slips his hands into the coat pocket of the driver and removes a wad of silver and gold coins. Several of the drivers reported losses recently.

Since the driver usually is right handed, and the machine of the left drive variety, the money usually is contained in the pocket nearest the front seat passenger. But now a safer depositary is being used.

One driver reported recently a case of adding insult to injury. He drove a lone passenger to the end of Montana street, the longest Jitne run in the city. Nothing prevents a driver so much as to have to take one passenger nearly a mile for a "jitne." At the end of the lone passenger, a Mexican can, loaded forth, the driver, and with a pistol for argument, removed the driver's hard earned coin.

Some Facts About These Oriental Cotton Crepes

The weaving of crepes in Japan has been pursued for many years and the highest perfection in the art has there been obtained. The threads of Japanese crepe are twisted by hand and woven on hand looms; machinery has not yet been perfected to produce the peculiar lasting crepe effect, together with the wearing quality. The oriental colors, with which the crepes are dyed, are noted for their soft appearance and durability.

Japanese crepes require no ironing, the advantages in this respect being one of the chief features of their great popularity. The splendid wearing qualities of these crepes, their delicate yet fast colors, and softness of texture commend them highly for the use of shirtwaists, gowns, shirts, pajamas, kimono, curtains, draperies and bed sets.

ENGLISH SUBJECT HELD IN JUAREZ ON A FRAUD CHARGE

J. L. Taylor, said to be an English subject, has been arrested by the military authorities in Juarez, charged with using the mails to defraud.

He was given a preliminary hearing Monday morning in Juarez, which was attended by H. C. Miles, British consul here. Sentence will be passed this afternoon.

According to the charges against Taylor, he has been operating a fake employment bureau in Juarez. It is charged that he has inserted advertisements in middle western newspapers in this country offering railroad positions in Mexico paying \$300 gold and up to \$500. It is charged that those making application, after sending the fee, never heard again from Taylor.

Federal authorities on this side of the river are reported to have been investigating the case for some months.

A Simple Way to Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid ammonia from any drug store (this is the one you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it, no matter how much dandruff you have. This is the one you will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look as good as a hundred times better.—Advertisement.
